CLG Cill Mhichil Player Injury Scheme Procedures:

The welfare of all players is of paramount importance to all officers and team managers associated with CLG Cill Mhichil. However with over 100 playing members it is essential that the correct procedures as set out by CLG Cill Mhichil are adhered to by players, managers, parents/guardians and club officers when dealing with injuries. It is the responsibility of all of the aforementioned to familiarise themselves with the Players' Injury Scheme and the Club's Policy on Player Injury. More information can be seen at www.gaa.ie/medical-and-player-welfare/

Forms are available in dressing rooms and can also be emailed to injured player by Club Secretary.

All claim forms need to be filled in & returned to Club Secretary within 30 DAY of injury – It is the injured players responsibility to adhere to this, otherwise claim will be declined.

Please note the following - If a claimant sustains an injury while participating in Gaelic Football and he \ she is not wearing a mouthguard as per the Official Guide, the claim will be declined.

Physiotherapy Treatment:

If a player is deemed to require treatment by a physiotherapist the following procedures need to be followed:

- The clubs official physiotherapist is Fiona Kinsella (Mob 086-878 9991). If physio treatment is deemed the correct medical procedure for a player then Fiona should be the **FIRST AND ONLY** port of call.
- If a player is to avail of the clubs 'Physio Procedure' then they must be a paid up member of CLG Cill Mhichil before 31st March of the year in which the claim is made
- If in extraordinary circumstances a player wishes to attend another physiotherapist then they first must get the approval of the club's executive.

X-Ray/Scan:

- If a player is deemed to require of an X-ray/Scan then Ennis or Limerick A and E should be attended.
- If a player goes to a private health clinic for an x-ray/scan the club will assume that the player in question has private health insurance and will be covered by their own policy. If a player attends a private health clinic without their own private health insurance the assumption should **NOT** be made that this fee will be covered by the club.

Benefits - Benefits \ Conditions may be altered from time to time at the discretion of CLG

- 1) **Medical** – Otherwise unrecoverable inpatient* and outpatient* medical expenses are covered up to a maximum of €4,500.00 (This benefit includes cover for MRI scans up to a limit of €300.00 per scan and post-operative physiotherapy \ treatments up to a limit of €320.00)

What is the Preferred Medical Provider Initiative?

Through the operation of the GAA Injury Benefit Fund which costs Cumann Lúthchleas Gael €9,000,000 to fund per year, medical expenses make up over 70% of the claims payments issued. Given this significant cost, Cumann Lúthchleas Gael approached hospitals and clinics countrywide with a view to agreeing preferred prices for our registered members who present at these hospitals \ clinics following an accidental bodily injury sustained while playing in an official competitive fixture \ sanctioned challenge match or taking part in an official supervised training session on a team registered under the Fund and for which full payment of registration fees has been received in Croke Park.
